

Public Input Needed

To improve the safety of cycling in Cedar Canyon

Cedar Canyon (SR-14) is known for its scenic and challenging climbs. It is also part of the U.S. Bicycle Route System. However, it can also be a dangerous place to ride. Help us identify the greatest areas of concern by voicing your opinion one of three ways:

- Go to www.sr14study.com and place a pin and comment on the map in an area of concern.
- Email comments about the corridor to taylor.ricks@jviation.com.
- Call 435-574-5319 and leave a voicemail comment.

Thanks for taking the time to provide your opinion and improve the safety of cycling in **Cedar Canyon!**

Your voice will aid in developing a list of highway safety improvement projects for the Utah Department of Transportation.
